A PEST IN THE "WATERFALL."—Science as well as common sense, denounces the deformatory adjuncts now so generally worn by the ladies on the back of their heads. A German naturalist, Lindermann, has published an account of a newly discovered species of *entozoa* or parasite, which often has its origin in the *pediculus* or common louse, and which is very often found in the modern appendage to a lady's head-dress. These minute microscopic organism breed in great numbers on the louse from which, on arriving at maturity, they migrate to the hair, into the cells of which they enter, and collect in large number, so as to form knots. They also penetrate the tissue of the body, seeking the blood, in which they appear to thrive better than in the tissue. There is reason to believe that they multiply so rapidly in the blood-vessels as to engender serious disease, as the dropsy, asthma, etc. They also breed as parasites upon the hair, where a lack of cleanliness is common. The microscope has revealed to Lindermann as many as one thousand individuals in their embryo condition, on one-half an inch in length of a single hair!

Numerous experiments have been made with regard to their production, which are of quite too serious a nature to be trifled with. They were found in a large proportion of this class of head-gear, taken promiscuously from a fashionable hair-dressing establishment. A number of the infected hairs were placed in felt and exposed to 126 deg. F., for six hours, when the *ova* showed abundant signs of life. Several hairs were secured upon the neck of a hen, a small place having been shorn of its feathers for the experiment, the hen was confined in a warm place for six hours, when the hairs were found to be covered with *entozoa!* Water heated under pressure of 300 degs., failed to destroy them; but benzole, bi-chloride of mercury, etc., killed them.

Out of thirty samples obtained from a dealer, twenty were found infested with these parasites. Neither drying nor baking the hair destroys the *ova*. A heat that will destroy them also destroys the hair itself. The hair from which these filthy things are made is chiefly obtained from a thriftless, worthless class of people, who live on the banks of the river Wolga, who are but too glad to part with their hair for the smallest pittance. These experiments are considered to fully establish the fact the ladies of European cities are wearing upon their heads, perfectly unconscious of the fact, the germs of insect life which may at any moment spring into vitality, and communicate disease which would be difficult to eradicate, to say nothing of the feelings which, with a knowledge of these facts, must be engendered among sensitive people. Efforts have been made in certain quarters to quiet the public feeling in this matter; but the scientists emphatically assert the correctness of these examinations. Traders are forced to advertise their wares as taken from the heads of respectable people in Germany and France, and not from the filthy Burlakes of the Wolga. Who believes them?

A REPORTERS NEWSPAPER.—A new enterprise is to be started in July next in New York in the form of a newspaper—morning, and evening edition—conducted on the mutual plan, and to be called the Reporters Journal. A wealthy capitalist has offered to advance the necessary funds to establish the paper, and its corps of writers will include some of the best in the country. Its aim will be to excel in its local reports, news items, money articles, and market reports, and general literary matter. Politics will be ignored, except a general review of the state of political parties. But the feature of the enterprise is in the fact that by the act of incorporation it will be made imperative that every employer in the establishment, acting as editor, reporter compositor, or printer, must be a member of the company, and participate in the profits of the same. Of course each and all of the employes are to be paid their regular salaries or wages the same as any other journal; but at the same time they are to be the recipients of their *pro rata* share of the general profits, according to the number of shares held by each man. This will of course make every man doubly interested in the success of the enterprise.

A LITTLE man in the west of Maryland rushed to the Potomac river, last Summer, swearing that he would drown himself. When he had waded in to the depth of his waist, his wife, who had followed him, seized him by the hair, and then, as a spectator describes it, she led him by the hair until she had reached a place where the water was about two feet deep, where she pulled him over backwards, sousing his head under, and then pulling his head up again. "Drown yourself, (down he went) leaving me to keep the children! (another plunge). Get drunk! (another souse) and start for the river! (another dip). Better use the water instead of rum! (another dip and shake of his head.) I'll learn you to leave me a widow." After sousing him to her heart's content, she led him out, a wetter if not a wiser man, and, escorting him to the house, shut the door.

WIFE MURDERER.—At Junction City, Kansas, on the 8th ult., a man named William Moore, while seated at his breakfast table with his family, drew a revolver and shot his wife dead. Soon after, he placed a pillow under her head as she lay upon the floor, lay down beside her, deliberately shot himself through the heart, and died in a few minutes.

BUYING AND SELLING A WIFE.—The following curious item appeared in the telegraphic dispatches a few days since: Chas. Chaffer, a Jersey farmer, sailed last steamer, accompanied by Thomas Pierce and wife, leaving his own wife and children behind. Chaffer buys Pierce's wife for six thousand dollars, deliverable in California.

FLORENCE
SEWING MACHINE.

Copy of the Report of the Committee of Awards at the Fair of the
AMERICAN INSTITUTE
NEW YORK, 1865.

To the FLORENCE SEWING MACHINE CO. for the Best Family Sewing Machine,
HIGHEST Premium! Gold MEDAL!

REASONS:

1st.—Its simplicity and great range of work.
2d.—The Reversible Feed Motion.
3d.—The perfect finish and substantial manner in which the Machine is made.
4th.—The rapidity of its working and the quality of the work done.
5th.—The self-adjusting Tension.

The Florence was awarded the first and highest premium at the State Fair of California, the only Fair on the Pacific coast at which any two double thread Sewing Machines were exhibited in competition in 1865.

The Florence received the only premium awarded, by the Mechanic's Institute of San Francisco, in 1864 and 1865, to any Sewing Machine, Sewing Machine Co., or Agent. The claim of a competitor to a medal is without any foundation whatever.

Wherever the Florence has been brought in competition with other Sewing Machines, it has always been declared the best. It is the most simple, the most substantial, the most efficent, and its use is easily learned. Every Machine sold is guaranteed in the full sense of the word.

SEMI-WEEKLY ENQUIRER.

WEDNESDAY, MAY 29, 1867,

FLOPPED.—Frank Pixley has turned another of his patent back-action double somersaults, out of his little ring of admirers in the Union party, into the people's party which never admired him. If he ever is to be Governor, now is his time. He must first break up the Union party, then break into the other, and then ride it into power. His prospect is not flattering as seen at this distance, there may be enchantment in the view, but we "don't see it." If he should get the nomination at Sacramento, we know Union men who will never vote for him.

GREAT CRY AND LITTLE WOOL.—Under this caption the Marysville *Appeal*, in answer to an article in the *Bulletin* asserting that it (the *Appeal*), San Francisco *Times* and Dutch Flat ENQUIRER had made a combination on the State printing question, says:

"We have formed no combinations, or authorized any one else to do so, with the *Times*, or ENQUIRER or any other newspapers. We do not know whether the *Times* is or expects to be a candidate, directly or indirectly. We have been informed that the *Times* office had no candidate and would have none for the office, and we believe the *Bulletin* puts forth its libellous article for the purpose of prejudicing the people of San Francisco against the *Times* newspaper, which was established and is proving a formidable rival. The secondary object of the article is to prejudice the press generally against us as an individual candidate. We assure the members of the press that so far as the article relates to us it is utterly void of truth."—*Bee*, 23d.

The same as to the Dutch Flat ENQUIRER.

FUSS AND FEATHERS TOO MUCH FOR THE BRAVES.—The Wilmington *Journal* of the 18th says:

"On the 2d of April Gen. Crittenden made a treaty with the Arivapa tribe of the Pinal Apaches, at Camp Grant. The General wishing to do honor to the occasion, requested the officers under his command to appear in full uniform, the Indians construed this into a warlike demonstration, made a break, only one, (the medicine man) remaining behind. The matter was explained to the medicine man, he started in pursuit of the tribe, and on the next day succeeded in bringing them to the treaty-making point, the treaty was made and duly ratified."

COMING TO ITS SENSES.—The San Francisco *Times* sees at last that calling on another organization to mould the vital forces of the Union party at the very center of life, is not only folly but ruin to the party. It is an old trick of Fitch and his kind to "set up things" in every camp. To scatter the seeds of strife division, weakness and destruction in the opposite party is very old strategy with such Democratic foxes as Fitch, and it has succeeded in defeating the patriots of the Bay City too often. "In vain is the snare set in the sight of any bird."

Since writing the above we find the following in the Sacramento *Bee* of May 27.

FLOPPED AGAIN.—The San Francisco *Times* started in with the *Alta* for the Boys—the *Alta* at once backed down and went with the People—then the *Times* backed down too and went with the People—and then the *Times* backed down and went with the Boys, and now it has backed down again and goes with the People. This time it will stick. It was expected to make this flop on Friday last, but it held off until to-day—and a new editor has to be searched for. It will not flop again in a hurry.

CAUSE AND EFFECT.—The San Francisco *Examiner* has been watching with great interest the efforts of the *Bulletin* to break up the Union party and re-establish the rule of "the people." It sees signs of success, it therefore takes new heart and hope, and calls to its aid C. L. Weller and P. A. Roach and renews its efforts to march to power between the rent ranks of the Union party. The new firm of the *Examiner* are determind to egg on the *Bulletin* and struggle anew for Democratic supremacy.

SUFFRAGE.—Universal suffrage has found a powerful advocate in Count Bismark. In the German Parliament, he thus expressed himself:

I know of nothing more absurd or more pitiful than the Prussian law which sanctions election by classes, and by indirect suffrage, caprice and harshness accompanying the taxrated suffrage. It would not be prudent to combine the right to the suffrage with social or class distinctions. Indirect suffrage alters the expression of public opinion: direct and universal suffrage will introduce talent into Parliament.

AT LAST.—M. J. Hydeliff has struck it rich in his claim at You Bet, within the last few days. After expending $25,000 and getting only moderate returns from his tunnel a 1,000 feet long, he has at last found a very rich streak of cement from seven to ten feet wide, reaching several feet up from the bed-rock.—The blue lead question is settling itself rapidly in this region.

ASTRIDE.—The *Appeal* says, several ladies of Marysville are about to discard the long skirt and adopt Turkish trowsers, and mount their horses like other folks.

KILLED.—In the Williams' claim at You Bet, Nevada county, on Monday night, May 27, George Hilton was caved on and killed. He is to be buried this forenoon.

POOR MAX.—The cold lead may have entered his heart before now, and his bones may lie under the soil he lately trod and vainly aspired to rule. But whatever his end, whether living or dead, let his fate be a warning to all the ambitious sprigs of royalty who would come from over the Sea to give repose, and a stable government to any part of this Continent, once free. In return for the paternal care of Napolean III, and other royal snobs we will drop a gentle hint that they look well to their crowns even at home. Their subjects may soon find no better use for their swords than to make all Despots a head shorter.

THE FARE.—The stage for Little York makes its daily trips after the arrival of the cars from the West, and the price of passage seventy-five cents.

THE VERDICT.—A dispatch from Auburn last evening, says that in the suit of the Boston Company against the North Star Company, for trespass on mining ground, and damages, the Jury gave a verdict for defendant.

QUARTZ BELT.

From ten to twelve miles east, and midway between here and Cisco, there is a gold-bearing quartz belt having strong indications of great richness. As yet, in any true sense of the word, it has not been prospected. It seems to have been overlooked except by a few miners who have tested small quantities of rock and found it to be rich in free gold. Recently Messrs. J. & A. Redstone & Co. have constructed a mill on what is known as the Redstone lode. It is located about a mile south of the Railroad near Lost Camp. The vein crops out on the north bank of a branch of the North Fork of the American river, descends nearly perpendicularly, having a dip of from 80 to 85 degs. The first run of a few tons yielded $25 per ton. The vein has been sufficiently developed to warrant the erection of an eight stamp mill. Some of the rock shows free gold to the eye, and yields unusually well when reduced in a mortar. There are other out-crops on the belt which yield large prospects of free gold at the surface and appear to be well defined. One of these, the Champion, five miles north, in Bear Valley, is full seven feet in width and yields free gold across the whole vein. It also carries an unusual amount of rich looking sulphurets, with abundant iron pyrites. Some of the rock from this vein has been crushed, and a small quantity of the sulphurets has been reduced and they have been found to yield at the rate of $400 per ton. A most interesting feature, however, is the character of the contiguous rock, which we cannot better describe than by noting its several transitions. At this point we have greenstone, a form of trap, succeeded by a belt of serpentine; next a wide belt of soft talc with interstrtaification of quartz, sometimes protruding in massive form. This talc gradually changes, becoming more silicious in character, which is succeeded by the great granite belt forming the crest of the Sierras. In the silicious slate, and just before you reach the granite, the gold bearing quartz appears. The eastern wall of the vein appeared to be of syenite rock; the west wall of soft slate, forming what the miners call the gauge or "gouge." A thin leaf of waved dark colored slate, forming a lining between the vein and the more massive wall rock on the east. These veins of gold bearing quartz, cropping out as they do at the point where the wide belt of talc and silicious slate changes into, and is succeeded by the great granite belt of the Sierras, will be more thoroughly prospected the coming summer. It presents a very invitlng field and we shall be greatly disappointed if rich developments are not made as prospecting and working progresses.

THE UNION COUNTY COMMITTEE.

A morning and an evening cotemporary are devoting their columns to violent denunciations of the County Committee, probably with a view to justify future movements on their part toward a disruption of the Union party. This is probable, because those journals have been the consistent enemies of the party from the beginning, and have exhibited their hostility by persistent and factious warfare upon its measures until they became laws, and upon its trusted leaders until (and often after) they became the chosen servants of the people.

We shall make no argument in reply to the reckless and wicked misrepresentation of the *Bulletin* and *Alta* in relation to the proceedings of the only body authorized to act for the Union party of San Francisco. A simple statement of facts, however, may be useful in enabling Union men throughout the State to form a correct judgment in the premises. The majority of the Committee have taken the following action at their last two meetings:

1st. They have called the primaries under Porter's Primary Election Law.

2d. They have applied the Registry Law.

3d. They have made a test in exact conformity to that made by the State Central Committee, and endorsed at the time by the *Bulletin*, *Alta* and Sacramento *Union*, as well as by the Union party press of the State.

4th. They have given the people three weeks' notice of the time of holding the primaries.

5th. They have, by a vote of 21 to 3, ordered that the polls be kept open six hours, during the only time in daylight when laboring or business men have leisure, and embracing more hours of time than was ever before fixed by any committee of any political party in this city.

6th. They have appointed responsible and well-known citizens to act as Supervisors of the election.

7th. They have separated the Legislative and Municipal primaries from the Gubernatorial primaries.

8th. They have apportioned the delegates to the County Convention on the basis of the Lincoln vote of 1864, the latest State election wherein political issues were involved.

Upon the above showing we submit that the Union County Committee of San Francisco has acted wisely, prudently and honestly and that if the political stream is indeed muddied, as the *Bulletin* and *Alta* would have it appear, it is the wolf and not the lamb which is at fault. And it seems to us that the present is a fitting time for the application of the homely adage, that a falsehood is always good enough until the truth is told.—*S. F. Times*—24th inst.

He replied reassuringly, and was caustic in his criticism of the government bill. He explained his reasons for the five pound line, but would not say that under no circumstances would he revive it. MEDICAL.

S. T.—1860.—X.

"JES' SO!"—"EXACTLY!"—Solon Shingle said; they were there "every time." If he felt "owley" in the morning, he took Plantation Bitters: if he felt weary at night he took Plantation Bitters: if he lacked appetite, weak, languid, or mentally oppressed, he took Plantation Bitters and they never failed to set him on his pins square and firm.

A few bottles of PLANTATION BITTERS

Will cure Nervous Headache,
" Cold Extremities and Feverish Lips,
" Sour Stomach and Fetid Breath,
" Flatulency and Indigestion,
" Nervous Affections,
" Excessive Fatigue and Short Breath,
" Pain over the Eyes,
" Mental Despondency,
" Prostration; Great Weakness,
" Sallow Complexion, Weak Bowels, &c., which are evidences of

Liver Complaint and Dyspepsia.

After a long research, we are able to present the most pleasant, the most remarkable cure for those horrid nightmare diseases the world has ever produced. Within one year over six hundred and forty thousand persons have taken the Plantation Bitters, and not an instance of complaint has come to our knowledge!

It is a most effectual tonic and agreeable stimulant, suited to all conditions of life.

The report that it relies upon mineral substances for its active properties are wholly false.

The original quality and high standing of these goods will be sustained under every and all circumstances. They have already obtained a sale in every town, village, parish and hamlet among civilized nations. Base imitators try to come as near our name and style as they can, and because a poor article cannot be sold as low as a good one, they find some support from parties who do not care what they sell. Be on your guard. See our private stamp over the cork.

LYON'S KATHAIRON.

It is a most delightful Hair Dressing.
It eradicates scurf and dandruff.

It makes the hair rich, soft and glossy.
It prevents the hair turning gray and falling off.
It restores the hair upon prematurely bald heads.
This is just what Lyon's Kathairon will do. It is pretty—it is cheap—durable. It is literally sold by the car-load and yet its almost incredible demand is daily increasing, and there is hardly a country store that does not keep it or a family that does not use it.

MUSTANG LINIMENT.

Have you a hurt child or a lame horse? Use the Mexican Mustang Liniment.

For cuts, sprains, burns, swellings and caked breasts, the Mexican Mustang Liniment is a certain cure.

For rheumatism, neuralgia, stiff joints, stings and bites, there is nothing like the Mexican Mustang Liniment.

For spavined horses, the poll evil, ringbone and sweeney, the Mexican Mustang Liniment never fails

For wind galls, scratches, big-head and splint, the Mexican Mustang Liniment is worth its weight in gold.

Cuts, bruises, sprains and swellings are so common and certain to occur in every family, that a bottle of this Liniment is the best investment that can be made.

It is more certain than the doctor—it saves time in sending for the doctor—it is cheaper than the doctor, and should never be dispensed with.

"In lifting the kettle from the fire, it tipped and scalded me terribly. * * The Mustang Liniment extracted the pain and caused the sore to heal rapidly, and left very little scar.

CHAS. FOSTER, 420 Broad str., Phil.

Mr. S. Litch, of Hide Park, Vt., writes: "My horse was considered worthless, (spavin) but since the use of the Mustang Liniment I have sold him for $150. Your Liniment is doing wonders up here."

ESSENCE OF JAMAICA GINGER.

THIS valuable preparation, containing in a highly concentrated form all the properties of the Jamaica Ginger, has become one of the most popular domestic remedies for all diseases of the stomach and digestive organs.

As a tonic it will be found invaluable to all persons recovering from debility, whether produced by fever or otherwise, for whilst it imparts to the system all the glow and vigor that can be produced by wine or brandy, it is entirely free from the revolutionary effects that follow the use of spirits of any kind.

It is also an excellent remedy for females who suffer from difficult menstruation, giving almost immediate relief to the spasms that so frequently accompany that period.

It gives immediate relief to Nausea, caused by the riding in a railroad car, or by sea-sickness, or other causes. It is also valuable as an external application for Gout, Rheumatism, Neuralgia, etc.

HOPE FOR THE AFFLICTED.—In another part of this paper will be found the advertisement of the celebrated Institute established by Dr. J. C. YOUNG, in 1850. In this age of deceit and charlatanism it is a boon to the suffering to point out to them where they are sure of obtaining the wished for relief and cure. Under the care of the skillful Doctor the sick and troubled can divest themselves of their burdens of pain; lay aside their cross, and secure health and happiness. If you are sick or in trouble, do not hesitate. Read the advertisement and follow the advice. Do not forget the number or the manner of directing your letters. MEDICAL ADVICE.—DR. WM. K. DOHERTY'S Medical and Surgical Institute is becoming a sine quo non to the welfare of our State and health of our citizens; and his rapidly spreading reputation, although it may excite surprise, is but the signal of skill, and follows as the natural result of such a cause. We are personally acquainted with gentlemen who had suffered for years under chronic disease, and who had taken advantage of every available means that promised relief, but without success, until they called upon Dr. Doherty, who, in an incredibly short space of time, has given them entire relief. It is gratifying to announce this fact, because the Dr. is a gentleman who seeks, not by defamation of others to establish his reputation or ruin of another's fame. The Doctor conducts his own Institute in such a manner must be gratifying to all his patients. He examines, advises, and recommends without charge, and the patient, after hearing his terms for treatment, can accept or reject at pleasure. In no case does the Doctor make a charge unless he effects a cure. This he is able to do, because he feels the confidence which long experience has given, and no doubt the consolation which appertain to that confidence. Persons afflicted with either acute or chronic disease, would do well to consult the Doctor; at all events, it can do no harm, as for consultation he asks no fee; nor does he insist on obedience to his advice unless the patient places himself under his care. His offices are on Sacramento street, opposite the Pacific Mail Steamship office.—News

SPECIAL MEDICAL NOTICE.—DR. CHAS. H. TOZER would most respectfully inform the sick and afflicted that his MEDICAL INSTITUTE is at the same place, corner of Kearny and Jackson streets, San Francisco, where he has been established for many years, for the cure of special complaints. Having relinquished my old modes of advertising, which has become so common with all the Quack Doctors of San Francisco, filling up the newspapers with false references, for the purpose of imposing upon strangers. I think it is only necessary to inform those in need of a Physician of long experience and successful practice, that I can be consulted at all business hours, at my Medical Institute, corner of Kearny and Jackson streets, San Francisco.

Ladies suffering from the Whites, Piles, Weakness of the Back, Pain in the Side, Headache, Palpitation of the Heart, Derangement of their Monthly Sickness, and all other diseases that the Female System is subject to, will find prompt relief by applying to DR. TOZER.

MEDICAL.

FRENCH MEDICAL OFFICE.

DR. JULIEN PERRAULT, Doctor of Medicine of the Faculty of Paris, Graduate of the University Queen's College, and Physician of the St. John Baptiste Society of San Francisco.

DR. PERRAULT has pleasure to inform patients, and others seeking confidential medical advice, that he can be consulted daily at his office, Armory Hall Building, North-East corner Montgomery and Sacramento streets, San Francisco. Rooms No. 9, 10, 11, first floor, up stairs entrance either Montgomery or Sacramento streets.

DR. PERRAULT'S studies have been almost exclusively devoted to the cure of the various forms of Nervous and Physical Debility, the results of injurious habits acquired in youth, which usually terminate in impotence and sterility, and permanently induce all the concomitants of old age. Where a secret infirmity exists involving the happiness of a life and that of others, reason and morality dictate the necessity of its removal, for it is a fact that premature decline of the vigor of manhood, matrimonial unhappiness, compulsory single life, etc., have their sources in causes, the germ of which is planted in early life, and the bitter fruit tasted long afterward; patients, laboring under this complaint, will complain of one or more of the following symptons: Nocturnal Emissions, Pains in the Back and Head, Weakness of Memory and Sight, Discharge from the Uretha on going to stool or making water, the Intellectual Faculties are Weakened, Loss of Memory ensues, Ideas are clouded and there is a disinclination to attend to business, or even to reading, writign or the society of friends, etc. The patient will probably complain of Dizziness, Vertigo, and that Sight and Hearing are Weakened and sleep disturbed by dreams, melancholy, sighing, palpitations, faintings, coughs and slow fever; while some have external rheumatic pain, and numbness of the body. Some of the most common symptons are pimples in the face and aching in different parts of the body. Patients suffering from this disease, should apply immediately to Dr. PERRAULT, either in person or by letter as he will guarantee a cure of Seminal Emissions and Impotence in six to eight weeks.

Patients suffering from venereal diseases in any stage Gonorrhea, Gleet, Strictures, Bubo Ulcers, Cutaneous Eruptions, etc., will be treated successfully. All Syphilitic and Mercurial Taints entirely removed from the system.

DR. PERRAULT'S diplomas are in his office, where patients can see for themselves that they are under the care of a regularly educated practitioner. The best references given if required.

Patients suffering under chronic diseases, can call and examine for themselves. We invite investigation; claim not to know everything, nor to care everybody, but we do claim that in all cases taken under treatment we fulfil our promises. We particularly request those who have tried this boasted doctor, and that advertised physician, till worn out and discouraged, to call upon us.

Low charges and quick cures.

Ladies suffering from any complaint incidental to their sex, can consult the doctor, with the assurance of relief.

Female Monthly Pills.

DR. PERRAULT is the only agent in California for Dr. RIOT'S Female Monthly Pills. Their immense sale has established their reputation as a female remedy, unapproached, and far in advance of every other remedy for suppressions and irregularities, and other obstructions in females. On the receipt of five dollars, these Pills will be sent by mail or express to any part of the world, secure from curiosity or damage.

Persons at a distance can be cured at home, by addressing a letter to Dr. PERRAULT, corner of Sacramento and Montgomery streets. Rooms, 10 and 11, or Box 973, P. O., San Francisco, stating the case as minutely as possible, general habits of living, occupation, etc., etc.

MEDICAL.

DR. CHAS. H. TOZER'S
PRIVATE MEDICAL INSTITUTE,

N. E. Corner of Kearny and Jackson Streets,
SAN FRANCISCO.

The Great Eradicator of Special complaints, formerly of Locke Hospital, London, Eight Years in Sacramento, and the last Four Years in San Francisco.

DR. TOZER'S

Experience is of forty years standing, and during that time he has met with unparalleled success in the treatment of all those diseases generally known as Venereal or Chronic.

It is impossible here to mention all the diseases with which he is familiar; some, perhaps, will not be out of place. The most formidable, the most destructive to mankind is Self-Abuse. The brain being the seat of the disease, the whole system suffers in consequence. I will here enumerate some of the symptoms, so that those afflicted may be able to form an opinion in regard to their complaints and seek advice in time, thereby saving themselves a world of suffering: Nervous Debility, Loss of Memory, Pain in the Limbs and Back, Palpitation of the Heart, Trembling of the limbs, Headache and an aversion to general society, especially that of females. There are a great many more, but these are sufficient, and should you be suffering from any of them, call on Dr TOZER, and he will cure you in a short time, without any interruption to your business—or state your case by letter, and there will be no occasion for your calling at the office.

Stricture of the Urethra

Is another formidable enemy to health. Send for one of my circulars on that disease, and inform yourself of its terrible results. The worst cases cured in a few days.

Venereal Diseases,

In all their various forms, either Primary, Secondary or Hereditary, completely eradicated from the system. Your constitution being restored to perfect health, there will be no danger of handing down to your children that terrible disease known as Scrofula

Syphilitic Disease,

As it presents itself on this coast, is of a more formidable character than that seen in the Atlantic States or Europe, arising from the fact of its being a compound of Spanish, Chinese and Sandwich Island disease. Those of you who have visited the two countries no doubt have seen the dreadful effects of it on the native and foreign population. It requires altogether different modes of treatment.

The Old Formulas

Of Ricord, Acton and Bostwick, are of little account, except to dry up the disease on the surface, leaving the poison in the blood, which, sooner or later, will show itself as a secondary disease in an aggravated form. These facts I have learned by experience, and think I can say without boasting, that I have seen more practice in these diseases than any other physician in San Francisco, dating, as it does, from 1849. It becomes you, therefore, to think well before you employ a physician. Who is the proper one to consult? An old experienced one, or one who has recently settled among you?

My plan is purely vegetable, destroying the disease and purifying the blood so that there is no danger of secondary symptoms.

Rheumatism, Neuralgia,

And diseases arising from the use of Mercury, such as pains in the skin bones, swellings of the different joints of the body, running sores, etc., and impurities of the blood, cured in a short time by the use of my VEGETABLE MIXTURES, known only to myself.

Seminal Weakness.

Should you be afflicted with any of the following symptoms, such as weakness of the Back and Limbs Pain in the Head, Dimness of Vision, Nervousness and General Debility, Loss of Memory, Confusion of Ideas, and Depression of Spirits, Evil Forebooding, Self-distrust, and an aversion to society, consult DR. TOZER at once, and he will restore you to perfect health.

To Females.

When you are afflicted with Weakness of the Back and Limbs, Head, Loss of Muscular Power, Palpitation of the Heart, Irritability, Nervousness, Extreme Urinary Difficulties, Derangement of the Monthly Sickness, Sterility, and other diseases peculiar to females, consult DR. TOZER, and you will receive particular attention. Let no false delicacy prevent you, but apply at once, and save yourself from painful suffering and premature death.

My rooms are so arranged that there is no danger of exposure, and of meeting any one save the Doctor

My FEMALE MONTHLY PILLS were never known to fail in giving relief in those cases for which they are recommended. To be obtained only at my office.

Price, FIVE DOLLARS—with full directions on each Box. Sent by Mail or Express.

To Correspondents.

Patients of either sex, residing in any part of the country, however distant, who may desire the opinion and advice of DR. TOZER, can, by submitting a written statement of their case to the Doctor, receive all the attention and medicines necessary to affect a cure without the necessity of a personal interview.

A Grateful Acknowledgement to Skillful Gentlemen.

SAN FRANCISCO, June 1, 1866.

Dr. Chas. H. Tozer:—Dear Sir: You will excuse me for not writing to you sooner. You will please remember me as the individual who called on you for assistance about a year ago. The roof of my mouth had completely rotted out, and my palate dropped and there remained, stopping up the passage so that I could hardly eat. You remember you cut it out at once, which relieved me immediately, and I was enabled to swallow my food, and in a short time began to improve. I took your medicine, and followed your directions for several months. You finally succeeded in stopping the disease, saving my nose and upper lip, though you frequently cautioned me about losing it. I continued to improve until you finally recommended me to go into the country, and before going, by your advice, I had a cast taken of my mouth, in order that I could have a plate made for me to enable me to speak so as to be understood, and am now using it. My eternal thanks are due to you for the perseverance and skill that you displayed in my case; and I have to thank you for my restored health, and even my life, as I was very near bleeding to death several times from the nose. I am now in Sacramento City, enjoying good health, and I shall recommend all my friends to call on you should they be so unfortunate as to require assistance; and I would advise all persons to avoid certain scientific doctors in your city, for they will send them to a land from whence no traveler returns.

With my best wishes for the success of both of you, I remain, yours, etc., S. S. T.

QUICK CURES AND MODERATE CHARGES.

DR. W. K. DOHERTY'S
Private Medical and Surgical Institute

Sacramento Street, below Montgomery, opposite the Pacific Mail Steamship Company's Office. Private entrance on Leidesdorff street, San Francisco.

Established expressly to afford the afflicted sound and scientific medical aid in the treatment and cure of all Private and Chronic Diseases, cases of Secrecy and all Sexual Disorders.

TO THE AFFLICTED.

DR. W. K. DOHERTY returns his sincere thanks to his numerous patients for their patronage, and would take this opportunity to remind them that he continues to consult at his Institute for the cure of chronic diseases of the Lungs, Liver, Kidneys, Digestive and Genito-Urinary Organs, and all private diseases, viz: Syphilis in all its forms and stages, Seminal Weakness, and all the horrid consequences of self-abuse, Gonorrhœa, Gleet, Strictures, Nocturnal and Diurnal emissions, Sexual Disability, Diseases of the Back and Loins, Inflammation of the Bladder and Kidneys, etc., etc., and he hopes that his long experience and successful practice will continue to ensure him a share of public patronage. By the practice of many years in Europe and the United States, he is enabled to apply the most efficient and successful remedies against diseases of all kinds. He uses no mercury, charges moderate, treats his patients in a correct and honorable way, and has references from men of known respectability and high standing in society. All parties consulting him by letter or otherwise, will receive the best and gentlest treatment, and implicit secrecy.

DR. DOHERTY would call attention to the following certificates from two of his patients, who, having fully recovered their health, desire to make known their remedial agent. It will be seen their statements are fully authenticated by a Notary Public.

The welfare of society imperiously demand their publicity and they are given more to warn the unwary than to sound the praise of a Physician, of whom hundreds of like cases can be cited during a practice of more than fifteen years.

DR. DOHERTY—Dear Sir: I feel my health so fully restored, that in common gratitude, I believe I should make you some written acknowledgement for your valuable services—particularly as your fee was small, for the work performed.

I arrived in this city from the East about one year ago, and was then suffering from an old case of Gleet, complicated with Stricture. Being a stranger in this city, and believing those Doctors who ger in this city, and believing those Doctors who gave such positive assurances of success were necessarily the best, (some of whom have a large number of titles,) I placed myself in their charge and continued under their treatment until I had lost nearly all hope and a considerable sum of money.

I wish to say now that you are the sixth Doctor I have employed, and the only one that has ever done me any service. My Gleet is wholly cured, the Stricture is all removed, and my general health is better than it has been for years.

In conclusion, I would say to the many unfortunates who require medical advice, if you have any doubt as to whom you may employ, ask Dr. Doherty for my addres and call and see me. (I keep store in this city.) My experience may save you many dollars.

I would also add that in the early stage of my disease I used a large amount of the preparations advertised as an infallible cure for Gonorrhœ, Gleet, etc., but never derived any benefit from them.

I am, Doctor, very truly yours,
L—— H——.

Seminal Weakness—A Sworn to Certificate of a most Remarkable Cure of Spermatorrhœa.

A desire to benefit humanity, and a feeling of gratitude to Dr. W. K. Doherty, alone induces me to make this statement. For many years I have been afflicted with that fearful disease known as "Spermatorrhœa," or Seminal Weakness, the result of self-abuse, but till 1855 experienced but little trouble or inconvenience. In that year however, I had Seminal Weakness to an alarming extent, which was soon followed by the most alarming symptons as weakness of the back and limbs, pain in the head, dimness of vision, nervousness and general debility. My mind, too, was affected to such an extent as to seriously impair my memory; my ideas were confused and spirits depressed. I was averse to society, had evil forebodings and self-distrust, and was entirely unfitted for any of the duties of life. From 1855 to the summer of 1863, I employed the very best medical talent I could find, and spent several hundred dollars, but in no instance obtained more than temporary relief. I had about concluded there was no relief for me in this world, but seeing Dr Doherty's advertisement, I thought I would call and see him, as he charged nothing for consultation. I had an interview with Dr. Doherty at his office, in Sacramento street, and his fee for treatment was so reasonable I determined to try him, though I did not expect much benefit from his treatment. On the 5th of December last I placed myself under his care; in one week I found myself very much improved, and, now, after five weeks' treatment, I feel myself thoroughly cured of all my troubles and in the enjoyment of the best health. Hoping that my experience may be of benefit to others similarly afflicted, I subscribe myself JAMES JOHNSTON.

Subscribed and sworn to before me, this 15th day of January, A. D. 1864.
[L. S.] A. G. RANDALL, Notary Public.

THIS CELEBRATED INSTITUTE

has enjoyed on this coast an uninterrupted success of fourteen years, and has become one of the renowned Hospitals of the age. What the celebrated Lock Hospital is to London, and the no less renowned establishment of Ricord is to Paris, this Institute has become to the Pacific coast. The thousands annually received and cured place it in point of number of patients among the very first of the world and the success of its treatment ranks it second to none.

PRIVATE DISEASES IN MALES and IRREGULARITIES IN FEMALES are the great destroyers of health. They insidiously attack the system and gradually undermine and destroy it; they drive the bloom from the cheek, the lustre from the eye, the strength from the frame; they give to the world puny and diseased offspring, and poison, through successive generations the race of man. The marks can be seen in Scrofula, Consumption, Cripples, the Idiotic, the Paralytic, the Insane, etc.

There is no more terrible scourge to the human race than those diseases arising from the contamination of Venerial Poison. The mildest forms, by retreating to the blood, hold over the afflicted one, the destruction that is liable at any moment to fall and blight—to utterly destroy—all earthly hopes.

MERCURY, recognized as the most fatal medical enemy to man, combining with the Venereal, doubles its dangers. Those who have been treated with that pernicious mineral poison are not cured; the disease has only assumed a new form.

Do not be satisfied with partial cures

that leave the poison to crawl through the system, eating its way into the tissues and organs beneath the apparently smooth surface, to burst out in the future with a virulence that will baffle the effects of medicine. WHEN PERFECT CURES can be obtained by consulting a physician whom long practice and thorough investigation into the causes of DISEASES of the URINARY ORGANS enables to determine at once the nature of the disease.

In all cases entrusted to the Doctor's care, PERFECT, SPEEDY and PERMANENT,

Cures are Always Guaranteed.

In syphilis and its adjuncts; Gonnorrhœa and its accompanying diseases; and all diseases of the Bladder, Kidneys, and prostrate; Seminal Weakness Diseases of the Heart and Lungs; Dyspepsia; Indigestion, Impotency; Incipient consumption, and all diseases of the urinary organs, in either sex, cure always warranted, NO PAY REQUIRED, at the

Seminal Weakness or Spermatorrhœa

The young man who experiences that growing weakness in his muscular and menta organization should stop to consider whence it arises. He will find in the weakness of the back, trembling of the limbs, disordered digestion unaccountable failing of the powers of the mind, distaste for society, dread of impending trouble, forebodings of evil, sleeplessness, troubled and lascivious dreams, accompanied by growing deafness, loss of muscular power, and numerous other symptons of disorganization, the positive traces of that most terrible and destructive of all diseases Seminal Weakness—wasting away his powers, destroying his hope of life and manhood, and dragging him along the broken path of his existence towards a premature and loathsome grave. To him who finds his life dribbling out in the discharge of the vital principle of existence in nocturnal and diurnal emissions, the mere cessation of its appearance brings no assurance of relief.

Marriage, that holy office, the safeguard and hope of manhood, brings to such an one no hope of cure, but adds to his misery in the knowledge that the one, who looks to him for so much of her happiness, is a victim to his evil, and an innocent companion of his punishment. He adds to his misery and disorder until hope leaves him. There is no rescue except in proper and skillful treatment. Consult then, at once, a physician whom long practice and careful research has made thoroughly conversant with every phase of the disease. Those who have become the victims of solitary vices, that dreadful, fascinating and destructive habit, which fills thousands o sick-rooms with paralytics and consumptives, and hundreds of untimely graves with its misguided victims, should consult, without a moment's delay, one who will sympathize with their sufferings. To such the Doctor would especially address himself, giving to each and all assurance of a PERFECT and PERMANENT CURE, without hindrance to business, change of diet, or fear of exposure.

Do not forget the address. See below.

Important to Females.

When a female is in trouble or afflicted with disease and requires medical or surgical assistance, the enquiry should be, Where is there a physician who is fully competent to administer relief, and whose respectable standing in society recommends him to the confidence of the community? The Doctor understanding how imperatively necessary these requirements are, feels called upon to interpose, and beg the attention of the afflicted to the fact that he has been a Professor of Obstetrics and Female Diseases for twenty years, and is fully qualified to administer in all cases, both medically and surgically, not in a superficial manner, but in as thorough a manner as years of study and practice—both in hospitals and private families—can make, to save them from the hands of the unqualified, unscrupulous and designing. Therefore families can rely upon him as upon a father. All in affliction can find in him one who will feel and sympathize with and befriend them in trouble—one in whose secrecy the utmost confidence can be placed. Consultation by letter or otherwise, FREE. See address below.

THE CELEBRATED FEMALE REMEDIES, compounded from the private prescription of Dr. Young, have now obtained a most extended popularity, and are correctly viewed to be the safest and surest remedies for the complaints for which they are applied. The constantly accruing testimonials of their efficacy declare them to be pre-eminently superior in their action. No lady should be without these Renovating Agents. None genuine unless procured at this office.
